## **WIRELESS TELECOMMUNICATIONS BUREAU ACTION**

### **REGION 43 (WASHINGTON STATE) PUBLIC SAFETY PLANNING COMMITTEES ANNOUNCE 700 MHz REGIONAL PUBLIC SAFETY PLANNING MEETING AND NPSPAC 800 MHz REGIONAL PUBLIC SAFETY PLANNING MEETING (General Docket No. 91-270)**

The Region 43 (Washington) Public Safety Regional Planning Committees announce a series of upcoming meetings related to the development and adoption of a Regional Plan for the 700 MHz, 800 MHz and 4.9 GHz bands. Each meeting will be held from 10:00 a.m. to 4:30 p.m. unless otherwise noted. The meeting schedule for the 2<sup>nd</sup> Quarter of 2005 is as follows:

- April 27, 2005 – Clark County Elections Building, 1408 Franklin Street, Vancouver, WA. This meeting will begin at 9:00 a.m. and will be a joint meeting with the Region 35 (Oregon) RPC and the 800 MHz Transition Administrator
- May 25, 2005 – Benton County Emergency Services, 651 Truman Avenue, Richland, WA
- June 29, 2005 – Washington State DIS Boardroom, 605 E. 11<sup>th</sup> Avenue, Olympia, WA

Detailed information on the Region 43 planning process, meeting information, draft planning documents, and other information is available at the Region 43 web site at: [www.region43.org](http://www.region43.org). The web site has a tool to allow you to sign up to the Region 43 listserver to receive continuing information and documents related to the planning process in Washington state. Details such as formal agendas, maps and contact information for each meeting will be

posted on the Region 43 web site in advance of all meetings along with conference call phone numbers whenever possible for participants who can not travel to the meeting.

Both of the Region 43 700 MHz Public Safety Regional Planning Committee meetings are open to the public. All eligible public safety providers whose sole or principal purpose is to protect the safety of life, health, or property in Washington State would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz 800 MHz bands and/or the newly allocated 4.9 GHz band within Region 43 are encouraged to attend. For further information about the meeting, please contact:
